

WE LOVE TO PRINT

Would you like to check your work?

Your proof should be used to check:

- ✓ for spelling mistakes and missing digits
- ✓ that you have included all the details you want (email, URL etc)
- ✓ if your design reaches all the way to the edge of the bleed
- ✓ the orientation of your design. If you fold this page in half would your designs face the right way up?

Your proof can't help with:

- ✗ color proofing - what you see on your screen will always look slightly brighter than the printed version. Similarly, your printer may not print exactly the same as ours.

PLEASE NOTE: This proof is designed to allow you to check your designs and to proof read (we know it's often easier on paper). It is not a full print-ready file. Any images on this preview are high-resolution but are not our full print resolution.

To print or not to print?

If you need to print this out to accurately proof read your work, please remember to check how many pages the document is. You may only need to print the first page.
